

# KIT-HORNO-CLASSIC

## Features

- Smoke exit tube diameter (mm): 200mm
- Usable oven measures (mm): 499 X 215 X 425mm
- COMPATIBLE WITH MOST OF INSERTS ON THE MARKET, EVEN ALREADY INSTALLED.
- Stainless steel oven interior detachable for an easy cleaning, light for a better vision and tube for gas exit.
- Stainless steel handle.
- Thermometer of 300°C screen printed on the glass to control the temperature.
- Stainless steel door.
- Included stainless steel tray 480x398x58 mm and roasting grill 380x470 mm
- Surround System Oven: with this system, it is possible to heat the oven quickly and efficiently since the smokes from the combustion chamber goes around the oven, for example, through the sides and the upper part, which causes a regular and uniform heating.
- Anti-soot register for easy cleaning.
- Removable interior

Given the continued improvement of our products and improving our manufacturing process, size, aesthetics and product specifications are subject to change without prior notice from our company.
